

We Want to Be a Will County Earth Flag School!

(Schools are encouraged to reapply yearly)

Complete 4 Earth Tasks:

1. **Recycle Paper** and one additional material (ink cartridges, cans, bottles, plastic bags, etc.)
2. **Use Both Sides** of photocopies or loose leaf paper; institute a double-sided policy.
3. **Invite Will County** to your school for a presentation to one grade level or environmental group.
 - a. Students and faculty become environmental ambassadors to the remainder of the school.
 - b. Follow-up report submitted to Will County related to information presented.
4. **Perform Two Activities of Your Choice** involving **one grade level or school club** by May 12, 2015.
 - Host a collection event to save landfill space and give items a new purpose (shoes, clothing, books, etc.);
 - Start an environmental club (meet at least monthly to discuss environmental topics);
 - Start composting organic food scraps at school (using compost bin or worm farm);
 - Perform at least 2 waste-free lunch days during the school year;
 - Host a recycled art fair to showcase student projects;
 - Join the TREX Plastic Bag Recycling Challenge (application on willcountygrown.com site)
 - Become a Lights4Learning school;
 - Entire school uses natural lighting one hour a month, eliminating overhead lights (Earth Hour);
 - Join Will County's Better Buildings Challenge in partnership with the Department of Energy;
 - Other _____

District# _____ School Name _____

School Address _____ City _____ Zip _____

Contact Person _____ Phone Number _____

Contact E-Mail _____ Grade level for Will Co. presentation _____

Preferred date for presentation:

Choice #1 _____ Choice #2 _____ Choice #3 _____

Approximate number of students involved in presentation/presentations? _____ (maximum 40, per presentation)

Approximate number of adults involved in presentation/presentations? _____

Presentations will be a minimum of 30 minutes and a maximum of 45 minutes. If multiple presentations are in the same day, the representative will need 15 minutes between classes for set-up/ moving. Smaller groups are far more effective than large assemblies. We prefer to give several presentations in a school to groups with fewer than 40 students. In some buildings, this can mean that the presentations will be spread over two days.

During the 2014-2015 school year, the presentations will focus on energy conservation and alternate forms of energy, in addition to recycling.

Principal's Signature _____

Please **fax** the form to: 815-722-3410, or
