

GRANT APPLICATION ANNOUNCEMENT
2013-2014 Classroom Vermicomposting Project
Sponsored by

Vermicomposting in a classroom is a proven way to reduce food waste and educate students about the natural world; including worms, soil, food and decomposition. This is a grant application, open to Will County schools interested in starting a worm bin.

Application must be faxed or e-mailed by December 14, 2013.

Fax: 815-722-3410

E-mail: whyzer@willcountygrown.com

Phone: 815-774-7893

Grant will consist of personal delivery and brief instruction on:

- One ready-to-start vermicomposting bin
- One pound of red wiggler worms & bedding
- One vermicomposting book
- Access to a teacher with classroom vermicomposting experience

Requires:

- Teacher able to set up bin in classroom upon receipt of materials
- Ability to e-mail three reports on progress

We can only accept one application per school, per school year.
