

EARTH

1

Each of us uses about one 100-foot-tall Douglas fir tree in paper and wood products per year

2

The average American spends 8 months opening junk mail.

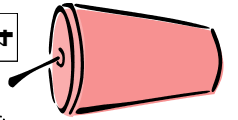

3

Americans use 100 million steel cans every day.

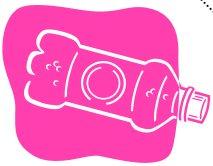

4

Every year Americans throw away enough Styrofoam cups to circle the earth 436 times.

Americans go through 25 billion plastic bottles every year.

8

A full bathtub = 70 gallons of water.
A shower = 10-25 gallons of water.

7

WATER

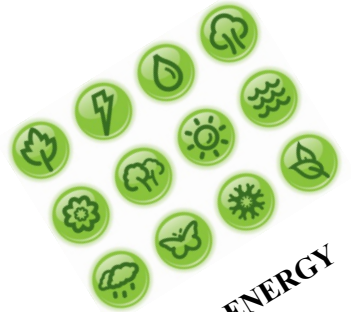

6

CFL bulbs last 10 times longer than old light-bulbs.

5

The average baby generates a ton of garbage every year.
